

### SKYBUS Boeing 727-291

Skybus, formerly Frontier Horizon Airlines, acquired new owners in early 1985. FW, based in Denver, originally operated charters to Las Vegas with 727-100s and a 737. On December 14, 1985, FW started scheduled passenger flights to Orlando, Tampa and Fort Lauderdale from Detroit, Buffalo and Grand Rapids. The seats were presold to a travel agency.
